

On Your Schedule!

Designed for the employed individual who needs flexible training options.

Program options allow training remote or in-center, when they want to, while maintaining on-demand access to Ve-I instructors. Students can access training lessons online 24/7 for self-study.

Remote Attendance: Tap directly into our training center remotely and work with our on-staff instructors, on-demand, like you would in a physical training room. Instructors can talk to the students and view their workstation session to assist or share their own screen to lecture.

In-Center Attendance: For a small, one-time, incremental fee, students can upgrade their program and attend training in our physical training center. As always, our instructors are available on-demand when you need them. Ve-I provides the facility, workstation & software required to execute the coursework. You can attend based on your schedule, not ours. Attendance need not be contiguous. We accommodate your schedule!

The Unlimited Programs feature all currently available courses for each respective CAD program. If you do not see it listed, just ask! Older software revisions supported.

Ve-I is State of MA Section 30 & TAA Approved
Program is WIOA/Section 30/Trade Act Eligible
Ve-I is a Licensed Post-Secondary Education Institution

We are a Veteran Friendly Institution

"GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by the VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill>."

Classes can be taken individually

Pricing is subject to revision at any time. Ve-I reserves the right to change fees, courses, topics, policies, programs, services and personnel as required. All classes listed are available for 6 to 12 months depending on program purchased. "Unlimited" refers to instructor and facility access during our normal business hours, which are Monday – Friday from 8:00AM to 5:00PM except Federal Holidays and shutdowns. Most course material can be accessed 24/7 for afterhours study. Instructor support is limited to purchased training materials and labs. Remote students must have access to legal CAD Licenses and required modules for the training. A Student Edition may be supplied for an additional fee. Remote setup assistance is included.

Creo Skills Optimization Program

Live Instructors "On-Demand"
Unlimited Instructor Access
All Guaranteed-to-Run!
Remote and In-Center
On Your Schedule!

This program prepares students to be proficient 3D Parametric Solid Modelers & Detailers using industry standard 3D Mechanical Computer Aided Design (MCAD) tools. Students will learn to create 3D models and produce technically accurate drawings of mechanical parts, mechanisms and assemblies while learning industry standard drafting & modeling practices. Students will utilize their choice of SolidWorks, Creo (Formerly Pro/Engineer), Inventor or Revit.
