On Your Schedule!

Designed for the employed individual who needs fast and flexible training options to optimize their job skills. Twelve-month programs available.

Train remote or in-center, when you want to, while maintaining on-demand access to Ve-I instructors. Training lessons also available 24/7 for self-study.

Remote Attendance: Tap directly into our training center remotely and work with our on-staff instructors, on-demand, like you would in a physical training room. Instructors can talk to you and view your workstation session to assist or share their own screen to lecture.

In-Center Attendance: For a small, one-time, incremental fee, students can upgrade their program and attend training in our physical training center. As always, our instructors are available on-demand when you need them. Ve-I provides the facility, workstation & software required to execute the coursework. You can attend based on your schedule, not ours. Attendance need not be contiguous. We accommodate your schedule!

If you do not see what you want listed, just ask! Older software revisions supported.

Ve-I is State of MA Section 30 & TAA Approved Program is WIOA/Section 30/Trade Act Eligible
Ve-I is a Licensed Post-Secondary Education Institution

We are a Veteran Friendly Institution

"GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by the VA is available at the official U.S. government website at http://www.benefits.va.gov/gibill."

Classes can be taken individually.
If you do not see it listed, just ask.

Pricing is subject to revision at any time. Ve-I reserves the right to change fees, courses, topics, policies, programs, services and personnel as required. "Unlimited" refers to instructor and facility access during our normal business hours, which are Monday – Friday from 8:00AM to 5:00PM except Federal Holidays and shutdowns. Most course material can be accessed 24/7 for afterhours study. Instructor support is limited to purchased training materials and labs. Remote students must have access to legal CAD Licenses and required modules for the training. A Student Edition may be supplied for an additional fee. Remote setup assistance is included.

Data Analytics & Management (PLM)

Skills Optimization Program

For existing and new IT personnel. This program is for the individual who wants to develop their IT skills by learning the basics of Data Analytics and how to manage and support a Product Data Management (PDM) and Enterprise Wide Product Lifecycle Management (PLM) System. You will have unlimited access to all listed training, all in one low cost, rapid ROI package. Ask for approval once, get access to everything for up to 12 months! No more going back to the well every time you want to take a class.

You will be taught using industry standard applications and on a PDM/PLM system used by major product development companies like Raytheon, Lockheed, iRobot, Amphenol, BAE Systems and many others. Basic MCAD training is also included.

Visible Edge Institute

Ve-I
A Division of Visible Edge®, Inc.

Core Learning

Data Analytics

LabView & Matlab
Introduction to SQL
Data Analytics Certification
Python, Python for Data Science
Statistics, Statistics Certification
Data Analysis with ThingWorx Analytics
PRINCE2® Foundation Certification Training

Using an Enterprise PLM System

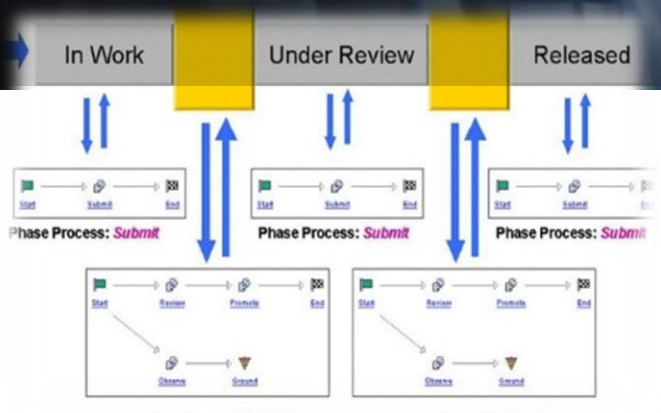
Locate and View Information, Standard Document Management, Change Management
Introduction to PLM for Non-CAD Users
Information Viewers, Reviewers and Approvers
Document Editors & Authors, Manufacturing Engineers, Introduction to PLM for CAD Users, Engineers, Managers, Configuration Managers

Administrative Functions of PLM

Business Administration of PLM, Data and Context Administration, User and Policy Administration, Process Administration, System Administration
Overview of PLM, Product Structure Management, Desktop Integration

CAD Workgroup Managers

SolidWorks, Creo Parametric, AutoCAD, ECAD, CATIA & NX



Project Management

Microsoft Project Level 1
Microsoft Project Level 2

PLM Project Management

Business Administration
User and Policy Administration
Data and Context Administration
Process Administration
PLM & PLM PM Interoperability

Other

ECAD Visualization
Managing Design Variations
Intro to PLM Manufacturing
Intro to Parts Classification & Reuse
Intro to PLM for the Implementation Team

Windows Server

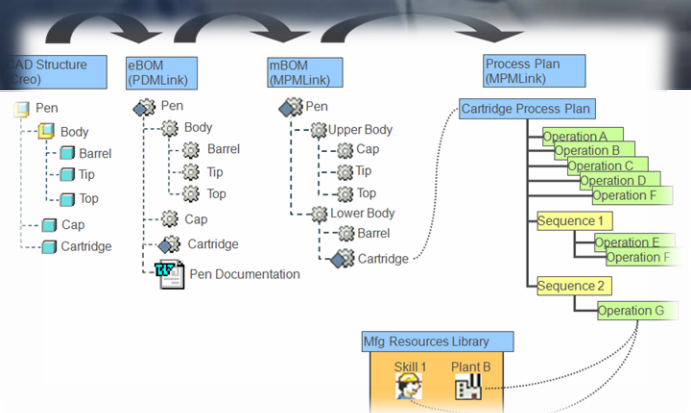
Installation and Configuration
Backup and Recovery, Performance Tuning
System Monitoring, System Maintenance

Geometry Creation

Introduction to Parametric Modeling Tools (choice of SolidWorks, Creo or Inventor)

Build & Configure a Live PLM System*

**(TAA Only)*



These are all the full comprehensive training courses that can be taken remotely or in-center, both with on-demand instructors. This is the "*I've get to get out of my office to focus*", "*I need to speak to an instructor when I need them*", "*I can't possibly remember all this, I'm really glad I can call a VE instructor on-demand*", "*I can't stop to sharpen my ax, I'm too busy trying to cut this tree down*", "*I can't believe how much I learned I think my head is going to explode*" type of training, but in a superior, flexible, self-paced, instructor on-demand, interactive, learning environment that works around your schedule.

Did we mention it will make you smarter?

So, not convinced because you think you know it all already, maybe because you have been in IT since the IBM XT was introduced? Take our "You don't know what you don't know" challenge. We offer a money back guarantee if you don't feel you have made significant improvement in your job skills to justify the cost of the program. Ask for details!

Manufacturing & Process Improvement Optional Bonus Pack

Lean/Six Sigma Healthcare Green Belt Certification,
Lean/Six Sigma Green Belt Certification,
Lean Management Certification,
Six Sigma Green Belt (DMAIC),
Agile /Scrum
