

## We train on *your* schedule.

Visible Edge Institute has been providing classroom training for over 30 years and remote training for over a decade. Our flexible, comprehensive training programs are designed to accommodate individuals of **all** skill levels.

As a Licensed Post-Secondary Educational Institution, our training provides students with hands-on experience, in-depth skills in leading applications, and industry-recognized certifications. You'll get the opportunity to earn industry-recognized certifications in all of our programs.

Train remotely or in-center, while maintaining on-demand access to our live instructors. Students can also access training lessons 24/7 for self-study.

**Remote Attendance:** Remotely tap into our training center to work directly with live instructors on-demand via phone, video call, screen sharing, email, chat or text.

**In-Center Attendance:** Choose to attend training in our physical training center on your schedule, not ours. Our renovated in-center learning environment utilizes state of the art equipment and modern learning techniques including one-on-one live instructor interactions, digital materials, labs, and project work.

You may qualify to have your entire program paid for, 100%, with no out-of-pocket costs to you. All programs are federally approved by WIOA, Section 30, Trade Adjustment Act, Vocational Rehab, and more.

**We are GCC High Level 3 Authorized.**

**We are a Veteran Friendly Institution.**

Ve-I reserves the right to change fees, courses, topics, policies, programs, services and personnel as required. "On-Demand" refers to instructor and facility access during our normal business hours, which are Monday - Friday from 8:00AM to 5:00PM except Federal Holidays and shutdowns. Instructor support is limited to purchased training materials and labs. Remote setup assistance is included.

# INFORMATION TECHNOLOGY (IT) PROGRAMS

## VISIBLE EDGE INSTITUTE

### CERTIFICATE PROGRAMS

## Cloud Computing Technologies

**This cutting-edge program provides training in Cloud Computing technologies including Microsoft Azure, Amazon AWS environments, and other Cloud Technologies.**

Start by learning about the core concepts of cloud computing, cloud security, and careers in the industry. Then, if you choose, additional coursework and labs will prepare you to obtain various Microsoft and AWS industry-recognized certifications.

Core curriculum and electives for this program include essential concepts including security, public & private cloud platforms, cloud computing careers, AWS, Google Cloud Platform, Microsoft Azure administration, Windows Virtual Desktop (WVD), and preparation for the CompTIA Cloud+ certification. Also choose to explore business continuity, disaster recovery, Windows 10, Python, Oracle, SQL, and more.

**To learn more about this program, please visit:**  
<https://www.visible-edge.com/cloud-computing-technologies>

## Cybersecurity & Information Technology (IT)

**Dive into how to protect data from theft, espionage, ransomware attacks, viruses and a whole host of new and evolving threats.**

Our Cybersecurity & IT program was designed to accommodate all individuals - from beginner to advanced. For those new to Information Technology (IT), our program begins with teaching basic IT skills to ensure the student is properly prepared to learn more advanced IT and Cybersecurity functions.

Once commanding a thorough knowledge of IT fundamentals, the student will dive into system virtualization and commence to the world of Cybersecurity.

Core curriculum and electives for this program include a comprehensive introduction to cybersecurity and preparation for both the CompTIA Network+ and Security+ exams. Also choose to explore ethical hacking, risk management, Azure, SQL, Python, Windows Server, CompTIA CySA+, CompTIA Pentest+, and more.
